"All this will not be finished in the first one hundred days. Nor will it be finished in the first one thousand days, nor in the life of this administration, nor even perhaps in our lifetime on this planet.
But let us begin . . .

"The energy, the faith, the devotion which we bring to this endeavor will light our country and all who serve it — and the glow from that fire can truly light the world.

". . . With a good conscience our only sure reward, with history the final judge of our deeds, let us go forth to lead the land we love . . ."

Executive Board and Student Council Work for WHS

The Chelan County Courthouse, the center of city and county government of the Wenatchee Valley, stands as a symbol of freedom and as a basis for the student government of WHS. The Executive Board and Student Council, one of the most significant organizations within our school, exemplify the importance of freedom of speech and the continuous inter-changing of ideas for the improvement of the school. Our leaders of tomorrow reign today as leaders of our school, and stand as a mark of completion to our book of memories.

...Our World of Sports

An over-all view of the Apple Bowl and its surrounding area expresses the athletic atmosphere of the Wenatchee Valley. This atmosphere is emphasized by the continuous use of the fields and buildings throughout the year. Holding the memories of the past, the field is now empty without the excitement of seasonal games and school spirit that thrills the spectators. The fast-pacing tempo of athletics combined with the fine sportsmanship of our players provides an excellent insight into . . .

Queen Lynn Rules Over 45th Apple Blossom Festival

Each year ten girls chosen from the Senior Class of Wenatchee High School compete for the chance to reign over the annual Apple Blossom Festival. Selection night brings tension and excitement as these ten girls perform before a large audience.

Queen Lynn Nicholson will preside over this year's festival with princesses Nancy Conyers and Sheila Hildebrand. From selection night until festival time, the royal trio tour the Pacific Northwest. While visiting out-of-town service organizations and schools, they promote the apple industry of the Wenatchee Valley. WHS students have good reason to be proud of the three beautiful girls who represent their community.

Present Inspirational Music for the Wenatchee Valley

Throughout the year, the A Cappella Choir and Orchestra work hand in hand to present many forms of musical entertainment to the Wenatchee Valley. Christmas and spring concerts, this year's Musical, the "Music Man," and Senior Commencement are but a few of these forms of musical enjoyment. A Cappella has been honored in being selected to perform at the All-State Convention in Yakima. The performers for this convention are considered to be the best in the state. Orchestra and choir once again represented Wenatchee High School well in the North Central Music Festival. Together and individually, both sections of our music department, under the direction of Earl Norwood, add honor and prestige to our school.

Pep Board's Leadership Successfully Completes the Year for All the Pep Clubs

Pep Board is the co-ordinating body for the four Pep Clubs. It is composed of the four elected officers, the Dean of Girls, the president, secretary, two representatives, and advisor of each club. Pep Board sponsored a sack dinner preceding the first basketball and football games. They also sponsored the wrestling luncheon, and the Homecoming Dance. School services are not the only activities of the club, as they took the responsibility to support a Korean orphan.

Sue Sanderson and Mike Auguston, co-editors, discuss Wa Wa problems.

Cheryl R. Brown, Sharon Adams, and Lauryl Shepherd offer suggestions to draftsman Mike Nelson.

Wa Wa is a sharing organization working together for the benefit of the student body. Besides their own duties, the staff members work jointly on the tasks of making layouts and writing copy. Wa Wa has its ups and downs between desperate deadlines and after-deadline parties.

Co-editor Mike helps staff members Pat Ewart, Sharon Wortz, Linda Jackson, and Pat Crowe with class layouts.

Perceptive Students Publish School News

The Apple Leaf, the WHS newspaper, maintains a high standard of excellence. In 12 publications a year, the Apple Leaf staff provides the students with news of interest about the school. News coverage is thorough and accurate and captures the vitality of the students, reflecting their activities in work and play.

To learn more about publishing a fine newspaper, the staff members attend a press clinic at the University of Washington in February.

Long after students have left the school they will look back on previous copies of the Apple Leaf with fond memories of their high school years.

Correct balance of pictures requires the opinions and skills of the members.

Many different ideas are taken from previous Apple Leafs.

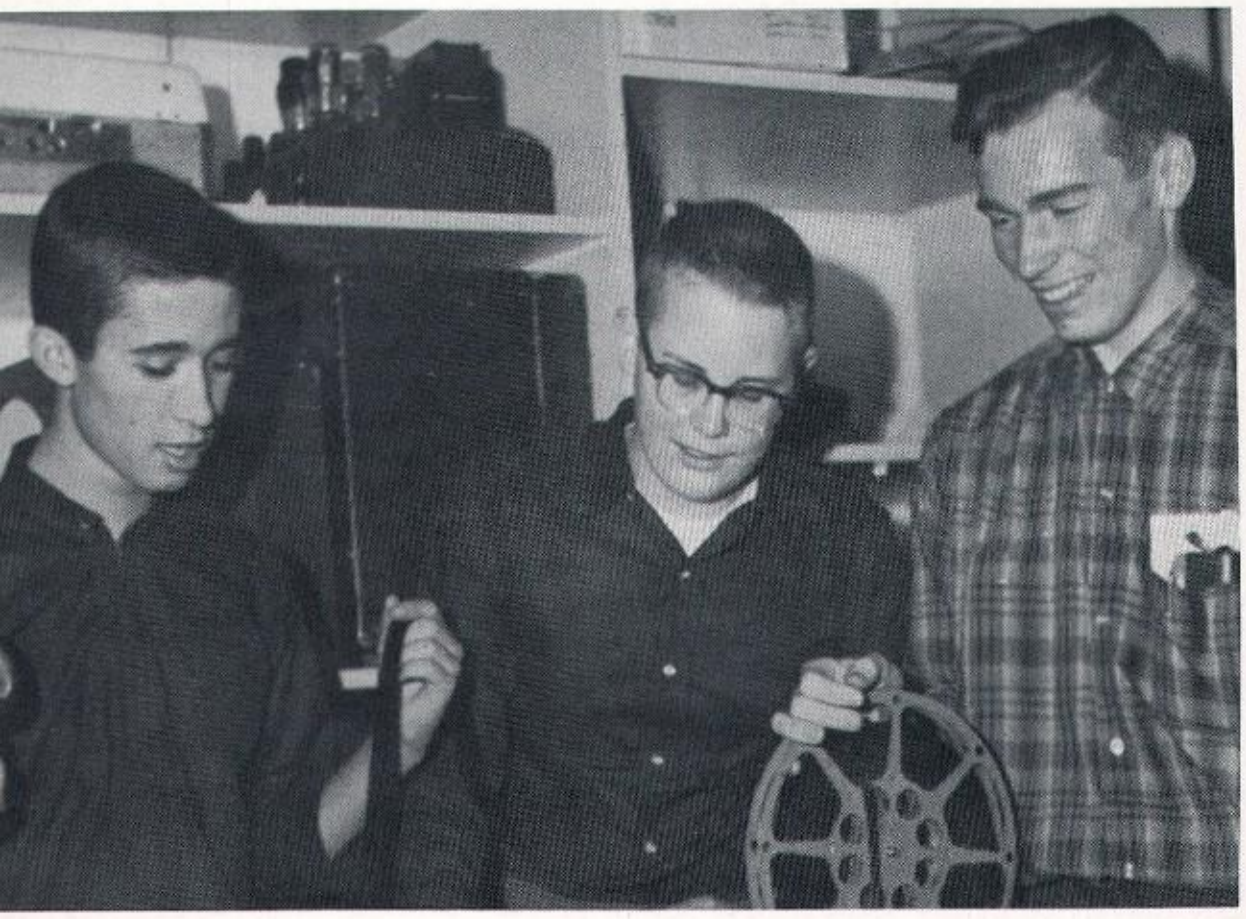
BACK ROW: Elmer Noice, Sally Chapman, Carolyn Hersey, Paul Lanphere, Kathy Phillips, Nicky Bectler, and Bob Paine. FRONT ROW: Nancy Mooney, Barb Smith, Paul Volkmann, and Jim Cook.

Assembly Class Provides Entertainment

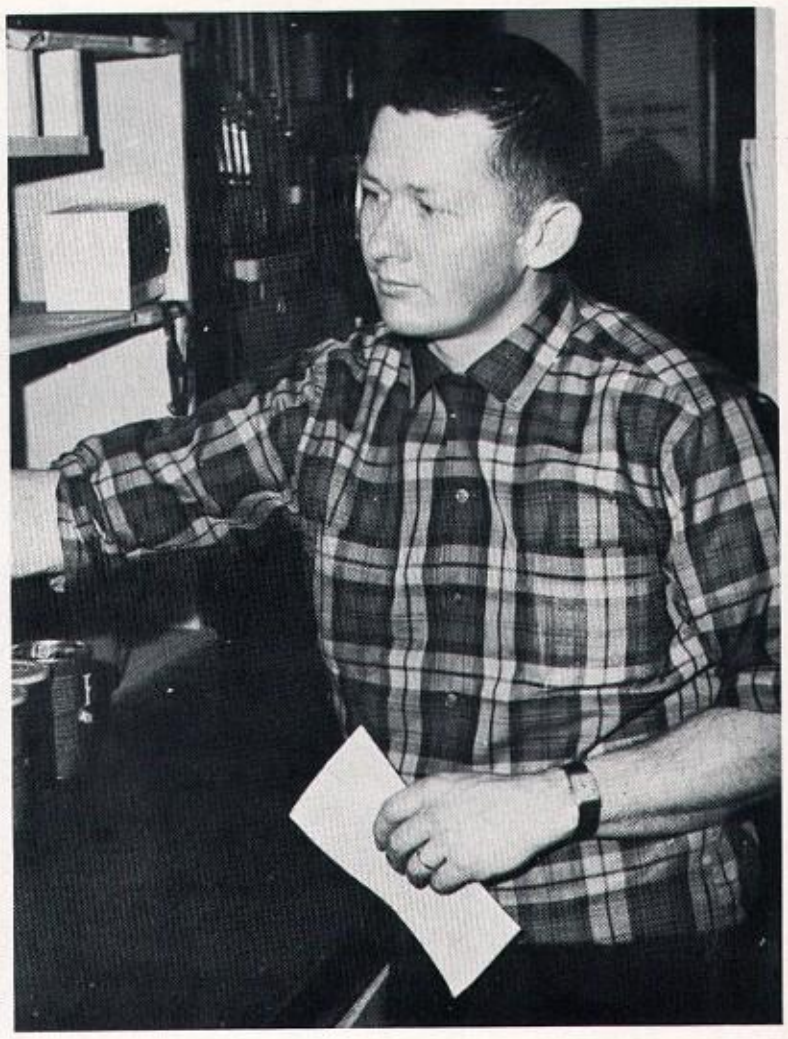
Assembly Class adds a special sparkle to WHS assemblies. The members wish to make these assemblies meaningful and interesting as well as entertaining. Audiences especially enjoy the amateur talent — provided by classmates who prove to be good actors and comedians. Assembly Class also invites outside professionals and guest speakers for assemblies.

Members of the class enjoy their practice as they prepare for an assembly.

Student talent adds color and variety to the assemblies.



A simple roll of film suddenly becomes a complicated mass when put on the projector.



Mr. Christensen, the advisor, checks the equipment to make sure it is in running order.

Skilled Movie Operators Run Projectors

A responsibility of great importance, the showing of any film given in the school, is done by the movie operators. Besides operating the projectors, repairing and storing them, they also set up and operate the P.A. system. All movie operators are highly trained to run complicated machines and provide our school with their services.

Interest and Intellect Will Bring Forth the World of Tomorrow

Learning to appreciate and enjoy science are the main objectives of the Science Club. To achieve this goal, the members toured the atomic installation at Hanford and had professional people speak on their own particular scientific field. Other trips they have taken include trips to the Wenatchee Experimental Station, to the engineering houses at the University of Washington in Seattle, and to Washington State University in Pullman.

Alert minds probe into the sciences.

MR. BURDICK
advisor

One of the most active organizations at WHS is the Latin Club. The Latin Club begins the school year by selling WHS plast-coat book-covers. By second quarter they have a campaign underway selling adult season tickets to the basketball games. During the Apple Blossom Festival the Latin Club provides the service for the Queen's Ball. They also attend several conventions during the year.

Chess Club members spend the school year in close competition with each other in tournaments. They are ranked in order of top player, in relation to record of wins. The club competes with other schools, matching best man against best man. Club members profit greatly from the mental training acquired by playing chess. This requires skill, years of patience, and practice.

Learning to speak Spanish fluently and to gain knowledge of Spanish-speaking countries are the two main objectives of "El Circulo Espanol"—the Spanish Club. Guest speakers are invited to talk to the Club about their experiences with Spanish-speaking peoples and their customs. This year several exchange meetings were held with the Chelan High School Spanish Club to exchange ideas in club work and activities.

The future Rockefellers and Carnegies of WHS practice careful management and investment. They learn valuable skills which help them throughout their entire lives.

Many people feel that a high school is a world of conformities. Opposed to this belief, we dedicate this yearbook to two very distinct individuals — Sonja Aasen and Larry Simon. Although both of their lives ended this past summer, each enjoyed a few of the riches of life.

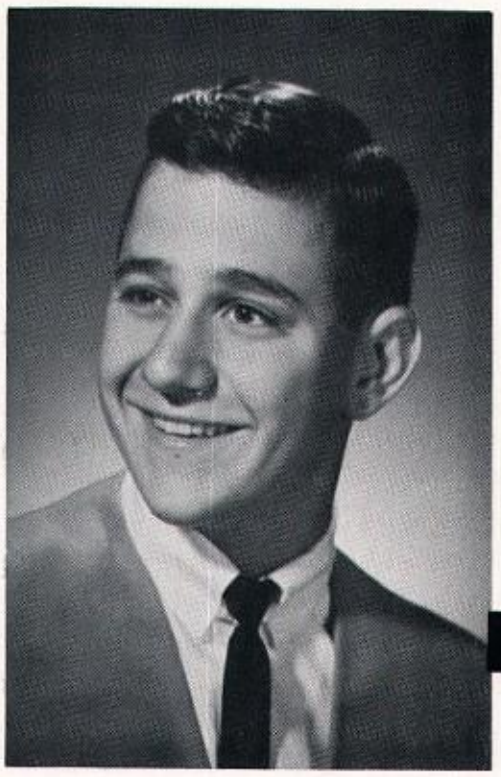
The Dedication of a Few Provides Inspiration...

Larry Simon
Class of '65



In dedicating this yearbook of 1964, we hope to express the individualism of students at Wenatchee High School. In doing so we are adding to our kaleidoscope of human endeavors.

Wenatchee High School

Wenatchee, Washington

We, the members of the Wa Wa Staff, believe that the Wenatchee Valley is an integral part of our daily lives. Many of the students have been associated with the Valley for a good number of years. The Valley has influenced our work, play, and our years of growth. For this reason, the 1964 Wa Wa Staff has chosen for this year's theme . . . "The Wenatchee Valley."
